Superconscious Activation Code: Shifting Realities

By Lori Marie

Reality is not fixed—it is a construct of consciousness, a malleable projection shaped by your mind. The truth hidden in ancient wisdom, quantum mechanics, and metaphysical teachings all point to one fundamental principle: You are the architect of your experience. By shifting your inner world, you shift your external reality. This is the essence of your power, and today, you will activate it. This article will give you the code to shift your reality by activating your superconscious!

The Core Principles for Shifting Realities

Throughout history, enlightened teachings have revealed essential truths about reality:

- **Reality is Mental (The Kybalion)** – The universe is a mental projection; change your mind, and you change your experience.
- **You Are the Creator (Youniverse)** – Your consciousness continuously shapes your world, whether intentionally or unconsciously.
- **Vibration is the Key (Translation and Interpretation)** – Higher frequencies align you with expanded realities and possibilities.
- **Light Codes and DNA Activation (Arcturian Healing)** – Your body and mind can be reprogrammed with new energetic patterns.
- **Transcendence through Knowledge (Emerald Tablets - Codes)** – Embodying higher wisdom dissolves limitation and separation.

These principles are the foundation for an **Activation Code** sent to you directly from your youniverse that will directly communicate with your superconscious, bypass the limitations of your analytical mind, and shift you into a new timeline.

Your Activation Code for Reality Shifting

Speak this code aloud with full presence and intention:

“I am the Architect of my Youniverse. By the Law of Mentalism, I shift reality with my focused intent. I summon the frequencies of healing, aligning my DNA with the divine blueprint of infinite expansion. I unlock the Emerald Codes of eternal wisdom, dissolving all illusions of separation. I am the embodiment of Light, vibrating beyond limitation. As I speak, so it is. My new reality is already here.”

Why This Works: Breaking It Down

“I am the Architect of my Youniverse.”

- This affirms your sovereignty over your reality. No external force controls you; all shifts begin within.

“By the Law of Mentalism, I shift reality with my focused intent.”

- The universe is a mental projection; by commanding your mind, you command the holographic field around you.

“I summon the frequencies of healing, aligning my DNA with the divine blueprint of infinite expansion.”

- This calls in higher vibrational light codes to activate cellular transformation and expand awareness.

“I unlock the Emerald Codes of eternal wisdom, dissolving all illusions of separation.”

- Separation is an illusion—oneness is the truth. Embodying this knowledge accelerates transformation.

“I am the embodiment of Light, vibrating beyond limitation.”

- This affirms your ascended state, reinforcing that you have already transcended old paradigms.

“As I speak, so it is. My new reality is already here.”

- This solidifies the shift. You are not waiting for change—you have already stepped into it.
